12. Longreach

2011 Got Skills? Challenge:

Thanks to everyone who participated in our first ever Got Skills? Challenge. The event was a big success, and a lot of fun, too!

High School Division:

After the regular competition, Ali Sewell from Easton and Jess B. from Long Reach were tied with 5 points. A flick-off was held, and Ali hit the 2 point target first.

So, congratulations to **Ali Sewell** from Easton for winning the High School Got Skills? Challenge!

Adult Division:

It was a back and forth showdown all day between Jesse Larson and Alvaro Salcedo for the adult Got Skills? Challenge. They were tied for a high of 7 points for most of Saturday. However, Shannon Troyer came in and showed the boys her skills by out-scoring them both with a tournament-high of 9 points.

So, congratulations to **Shannon Troyer** for winning the Adult Got Skills? Challenge with 9 points.
